HUMAN HAIR CARE INSTRUCTIONS

1.

Brush and remove all tangles from the hair replacement.

2.

Hold the hair in a straight down position as you wet it

3.

Place a small amount of shampoo in your hands and gently work it through the hair.

4.

DO NOT SCRUB

5.

Gently squeeze your hands through the hair.

6.

Rinse straight down the hair shaft until all soap is gone.

7.

Apply conditioner to your hands and work through the hair in the same downward motion.

8.

Rinse again, making a ponytail, squeezing out the water.

9.

Place in a hand towel to absorb excess water

10.

Gently brush or comb from ends to scalp.

11.

Place on the stand and let dry

12.

You can use a blow dryer and curling iron since this is human hair.
